
1. Add this on the Page

```
<a class="open-popup-link no-scroll" href="#contact-form">Click here</a>
```

2. Give ID and class names as follow:

Custom ID Attribute = contact-form
Custom CSS Class = mfp-hide

3. Add this to functions.php

```
function enable_popup() {  
?>  
  <script src="https://code.jquery.com/jquery-3.6.0.min.js"></script>  
  <script src="https://cdnjs.cloudflare.com/ajax/libs/magnific-popup.js/1.1.0/jquery.magnific-  
popup.min.js"></script>  
  
  <script>  
  (function($) {  
    $(window).on('load', function() {  
      $('.open-popup-link').magnificPopup({  
        type: 'inline',  
        midClick: true  
      });  
    });  
  })(jQuery);  
  </script>  
<?php  
}  
add_action('wp_footer', 'enable_popup');
```
